

ALLERGEN

A W A R E N E S S

In Dining Services, we take our guests' food allergies and special diet needs seriously. This is why we indicate the presence of any of the 8 major allergens in all of our food dishes. These indicator icons are detailed below, and will be found at point of service as well as in our online and printed menus beginning this fall.

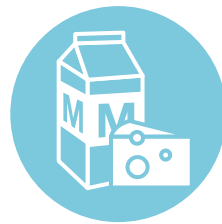

If you have a food allergy, intolerance, or physician ordered diet, please fill out the form on the back of this sheet and turn it in to the dining services office prior to the beginning of the school year.
