CourseConnect?

Many instructors at AQ use CourseConnect to manage their classes. CourseConnect is a course management system similar to Blackboard or WebCT that is used to create class agendas, distribute assignments, foster class conversations, etc.

Access CourseConnect by clicking on this icon in the Elm menu:

The screenshot shows the CourseConnect interface for Aquinas College. It features a navigation menu on the left with sections for Administration (Grades, Profile) and My courses (listing various classes like GE103 Exam, Introduction to Information Literacy, etc.). The main content area displays several announcements: a welcome message, a notice about forwarding email, an announcement about the Common Read book 'The Kite Runner', and an upcoming event. On the right, there are sidebars for 'Information for UDM/AQ nursing students', 'Upcoming Events' (listing STAR DAY on August 11 and 19), and 'Test News' (listing test dates for Christina Radisauskas). Red arrows point from callout boxes to specific elements: 'Communicate with classmates and professors outside the walls of your classroom.' points to the 'News forum' section; 'See important dates in class, assignment due dates, etc.' points to the 'Upcoming Events' sidebar; 'Important info pertaining to your class can be posted here.' points to the 'Nuts and Bolts' section; 'See all your classes that use CourseConnect' points to the 'My courses' menu; and 'Class session or subject entries. Assignments, weblinks, quizzes, etc. can be present here.' points to the 'The Common Read' announcement.
