**To all students pursuing the elementary endorsement:**

The Michigan Department of Education has mandated significant changes to the requirements for becoming an elementary teacher. Those students currently enrolled in the elementary endorsement program have until the end of the **Spring, 2013** semester to complete all required coursework and the elementary education practicum.

Current students are advised of the following:

- Students currently enrolled in the elementary endorsement program have until the end of the Spring, 2013 semester to complete all requirements.
- The deadline to complete all coursework and the elementary education practicum is by the end of the Spring, 2013 semester.
- The current Elementary Education test will be given for the last time in July, 2013. The test must be taken and passed no later than the July, 2013 administration.

Current students must meet the above deadlines in order to be certified under the current program requirements. It is unknown at this time if there will be the option after these deadlines for adding an elementary endorsement to a secondary teaching certificate. Any individual wishing to obtain an elementary endorsement should plan to do so before the requirements change.

We encourage you to have your records evaluated by the MAT program advisor to determine whether or not you will be able to complete the endorsement requirements within the State deadline. It is the responsibility of each student to request this review by contacting the School of Education. To begin this process, please contact Alex in the School of Education ([jacobale@aquins.edu](mailto:jacobale@aquins.edu) or 616 632-2443, AB 260) with your name, student ID number, telephone number, and email address. Your advisor will evaluate your records and contact you with more information.
